

Title: Emerging Trends on Fire Safety

Date: 16/11/2022

On the 16th of November, the Seminar Committee of the PHA saw a sizable turnout as it conducted an offline seminar for the first time in two years at Hyatt Pune. With the aim of encouraging a more skilled approach to inventory, the session addressed the topic “Emerging Trends on Fire Safety”. Mr. Devendra Potphonde, the Chief Fire Officer of Pune, administered and oversaw the training. His 30 years of excellence in the field as a planner of many public utility and awareness measures, including being responsible for fire safety at the Commonwealth Youth Games alongside other commendable achievements, made him an estimable presence at the event.

It is rightly said that “Kill Fire before it Kills you!” But every safety measure comes with a discipline protocol, to ensure minimal damages. To discuss a few such measures regarding Fire Safety, Poona Hoteliers Association recently conducted a Seminar on Fire Safety for its 55 Hotel members, at Hyatt Pune on 16th November 2022.

Mr. Potphode also explained several precautionary measures by giving real life examples of the incidents held so far. He also appreciated the Poona Hoteliers Association for their initiative of inviting him to guide all of their members, as they encounter frequently with fire and other inflammables, while maintaining customer safety too. Later several PHA members interacted with him and got their doubts cleared. The function was concluded by felicitating the Guest of Honor at the hands of PHA’s President, Mr. Amit Kumar Sharma and PHA EC Members. The seminar was appreciated by all members for the new insights.
